George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by W W Keeling.
Call in and see us if you want to subscribe for any paper published in the United States.

The farmers in this part of Nebraska are in good shape, notwithstanding the dry weather. The most of them raised a good crop of wheat, and the recent rains will bring out the late corn. F. L. Woodward, who has investigated crop conditions considerably in this part of the county recently, says we will have half a crop of corn. The increased price will bring our farmers more money than a good crop at ordinary prices.
